### Comprehension skills

#### Written comprehension

Understands technical brochures and professional documents. Can read through a document to find specific information which is clearly expressed in a sentence without ambiguity.

#### Listening comprehension

Understands simple questions. Understands instructions. Can ask simple questions and give very simple information on the telephone.

### Oral communication skills

#### Overall :

Efficient if simple communication

#### Details :

Grammar: Efficient use of a simple range of grammatical structures  
General vocabulary: Some knowledge of vocabulary across a range of subjects  
General business vocabulary: Operational use of business vocabulary  
Listening comprehension: Understands well a careful speaker  
Oral Fluency: Some ease, but frequent hesitations (for clarification)

### Your overall linguistic skills

Direct communication is still limited. Can handle situations if prepared in advance. Communication is effective in every day and specific business situations. There is still a lack of nuance and complicated sentence structures.
